Qualanex, LLC Signs New Clients

Breckenridge Pharmaceutical,

Akorn Pharmaceuticals and WellSpring Pharmaceutical Corporation

Partner with Leading Reverse Logistics Company

Providing Customer-Centric Pharmaceutical Returns Services

Chicago, IL, December 1, 2008 - Qualanex, LLC announces today the signing of Service Agreements with (3) leading pharmaceutical manufacturers. They are Breckenridge Pharmaceutical, Inc., with headquarters in Boca Raton, Florida, WellSpring Pharmaceutical Corporation, Consumer Brands Division, with headquarters in Bradenton, Florida and Akorn Pharmaceuticals, with headquarters in Lake Forest, Illinois.

Anthony Mihelich, Vice President, Corporate Development, indicated that *“Breckenridge made the decision to partner with Qualanex based on their new technology, state-of-the-art logistics facility, and innovative approach to partnering exclusively with pharmaceutical manufacturers”*.

Gloria Lopez, Manager of Operations at Akorn, stated that *“we appreciated the fact that Qualanex’s core business is pharmaceutical reverse logistics. Additionally, Qualanex, being an owner operated company, ensured that we would receive the highest levels of personalized service. We were very pleased with Qualanex’s responsiveness and dedication to managing our process”*.

Jacquie Denman, Director of Financial Operations and Logistics at WellSpring, indicated that *“WellSpring made the decision to partner with Qualanex based on the experience of their*

management team and their unique ability to develop a customized solution to meet our specific trade return needs”.

Qualanex, operating out of their new 50,000 square foot, state-of-the-art pharmaceutical returns center, located in Gurnee, Illinois, will be providing Trade Returns, Recall Management and Pharmaceutical Disposition Services to these and other pharmaceutical clients. Gerard Sartori, President of Qualanex, is committed to *“insuring that Qualanex continues to provide the highest levels of personalized service with an emphasis on innovative technology designed to meet the unique requirements of each of our pharmaceutical clients”.*
